When parents register at Infinity School, they are committing to a contract agreement to pay for the full year of tuition. The only exception to this agreement is if a student exits the program due to contract violations on his/ her/ their part. If this happens, a pro-rated tuition amount is refunded based on the exit date.

Given the ongoing global pandemic, please be aware that our current vaccine policy does include the COVID-19 vaccine for those 12+. We will be evaluating the need to expand the policy to include 5+ in the summer, as recommendations are made by public health.
